

Home to School Transport Terms and Conditions

Application of Terms & Conditions

These terms and conditions apply to all privately funded Home to School Transport. Making a booking online, by email or by telephone will be deemed as acceptance of these terms and conditions.

Applications for Home to School Transport

All applications must be made following the application process by a parent or guardian over the age of 18.

Once the contact form on the website has been submitted the applicant will receive an acknowledgement by email stating the details entered, information on pricing and payment options and a link to complete the full application form. This email is not an offer of transport or confirmation of a seat on a home to school service.

Upon receipt of your application, you will be sent an invoice and a link to pay a deposit of £50 to secure a place. Places are allocated on a first come first served basis and are subject to availability.

Further payment links will then be sent to you, according to the payment option that you selected on the application form.

Application, Pricing and Bookings

Confirmation and Invoices for Home to School Transport are provided based on the information given by the parent/guardian such as (but not limited to) number of seats required, boarding locations and destination school. Whilst we are happy to accommodate alterations whenever possible, changes to any of the above details are subject to availability and any amendment may incur additional charges.

Confirmation and invoices for Home to School Transport are made subject to a space being available at the time of the parent or guardian completes an application.

The company reserves the right to delay an offer of transport or refuse an application, regardless of whether an application has been completed, until they are satisfied that sufficient seats are available. A full refund of the deposit will be provided under these circumstances.

An invoice will be raised stating the cost per child for the academic year with the payment option selected by the parent/guardian. Any requests to change payment option selection must be made in writing. All current prices are available upon request by emailing enquiries@swiftvalleycoaches.com

Once the application has been accepted, a confirmation email is sent followed by an invoice stating what fees are due along with payment links.

A non-refundable deposit is required to secure each seat requested and is stated on the invoice. This must be paid within 48 hours of the invoice receipt to secure the seat.

If the non-refundable deposit is not received within 48 hours of receiving your invoice, your application will no longer be valid. You may be required to make another application.

The company accepts no liability for applications which have been sent by the company but not received or accepted by the applicant. Applicants are solely responsible for checking their junk mail and spam settings.

It is the applicant's responsibility to ensure that contact is made to the company within 7 days of applying if an application has been made but no further communication has been received.

If the route is fully booked and transport is not able to be provided by the company, applicants will be placed on a waiting list. Waiting list priority will be governed by the date and time the application was submitted online.

A space is not secured until full payment or the first instalment is paid. If payment is not received by the due date on the invoice your child will not be able to travel.

Route and Time Variations

During the journey the driver is the sole judge of the reasonableness with regard to any necessary change of route.

The vehicle will depart at the time on the timetable for the route.

Home to School timetables can be subject to change at any time during the year. Any changes will be communicated directly to parents by email.

We reserve the right to remove any stop listed in the application process if there are insufficient passengers boarding.

The company accepts no liability for loss or injury to any student who fails to join the vehicle at timetabled time or if the student chooses to alight at a different stop.

Student Conduct

All students must remain seated with their seatbelts fastened whilst the vehicle is in motion.

The company will not accept liability for any loss or damage incurred by passengers who fail to follow the instructions given by the driver.

In the interests of other passengers, no musical instruments, radios or other audio devices shall be played without the permission of the driver.

Students must not distract the driver at any time whilst they are driving the vehicle unless there is an emergency. Students must not use the emergency exits or doors unless instructed to do so or if there is a genuine emergency.

Students must not eat, drink or leave litter whilst on board the bus.

Students must follow the instructions of the driver at all times.

The driver is responsible for the safety of the vehicle and as such may remove, or prevent from boarding, any passenger whose conduct is in breach of the Public Service Vehicle (conduct of drivers, inspectors, conductors and passengers) Regulations 1990. The parent or guardian is responsible for the conduct of the student and for any damage caused to the vehicle by the student during the journey.

Students are expected to arrive at the boarding location before the bus is due to arrive. The company advises this should be 5 minutes before. Parents and guardians are reminded that the times detailed on the timetable are departure times. Students are expected to wait 20 minutes if the bus is late. All delays are communicated as soon as is reasonably practical by text or email.

During inclement weather, parents, guardians will be advised by text and email of any disruptions to Home to School Transport. The company reserves the right not to serve stops which are considered to be too dangerous during inclement weather.

Students are expected to wait sensibly when waiting at their stop, stand away from the edge of the road and board and alight the coach in an orderly manner to avoid hurting themselves and others. Students who need to cross the road after disembarking should do so after the bus has driven away so that they can see other vehicles and can clearly be seen by other road users.

If the bus breaks down or is involved in an accident, students must follow the driver's instructions. Students should remain calm and not leave the area unless given approval by the driver. If a student is unwell or injured during the journey or can see someone who is they should alert the driver when it is safe to do so.
